Sevres Table

Sevres Table

The Sèvres Table pairs a restrained silhouette with a sophisticated mix of materials. Its round Arabescato marble top is supported by a tapered solid oak base, grounded by a bronze-finished collar. Available in standard dimensions or fully customisable, it functions equally well as a sculptural entry table, an intimate dining table for two, or scaled to suit a larger dining setting. The oak base can be finished in any of our signature tones, with the option of alternate marble selections or a solid wood top.
